

## Eco - Committee minutes, 14-5-14

Grown-ups: IN, DK, KT

P1/2: Andy, James, Emmeline

P3/4: Sophie, Pip, Alistair, Thorfinn

P5/6/7: Campbell, Isla, Harry

Apologies: Judith, Sami, Karen

Sophie took the minutes

1. Isla welcomed the committee and listed the things we have to do this week.
2. Emmeline, Alistair, Andy and James finished the suggestion boxes and took them to the classes so they could put their ideas in before the next meeting.
3. Isla and Sophie have done a litter picking rota. Lot of people had ideas to encourage people in the school and in the village to pick up their litter including CCTV cameras and posters and prizes. Donald explained that the bear bins have too big a space and so all the litter blows out. Harry thought of a good idea about maps.
4. Harry, Isla and Campbell finished their power point.
5. Pip and Thorfinn decided they would like to write a letter asking the government to ban sky lanterns and helium balloons. They got the idea from the marine conservation society.
6. Isla thanked everyone for coming and said that we would try to have another meeting in two weeks time.
